

NASHVILLE BRIDE — "The Yes Dress" — SPEAKER-ID VERIFICATION WORKSHEET

Lines that cannot be confirmed from the transcript alone

Purpose. The ASR diarization split each person across several labels and merged different people under one. The companion transcript (`Nashville_Bride_Transcript_TC.md`) applies a best-guess mapping; every Δ line is collected here for confirmation against footage + ISO/lav audio once the export arrives.

How to confirm (fastest → slowest):

1. **Solo the lav/ISO channel** under the timecode (use the mixer's sound report: channel → name). Gold standard; resolves crosstalk.
2. **Scrub to the TC and look** — whose mouth is moving (watch for off-screen audio over a cutaway).
3. **Wardrobe key** — fill in once, then track across cuts:

• DANIELLE = _____ · SAVANNAH = _____ · MUFF = _____ · SARAH = _____

1. **Ask the field producer** for the 2–3 stubborn ones.

Confirmed anchors (do NOT need checking — listed so you can triangulate):

- DANIELLE = Canadian/Toronto · dogs **Grace & Frankie** · real estate / ex-interior designer · **E2 visa**, married-3-months backstory.
- SAVANNAH = **from Pennsylvania**, lives Maryland/DC.
- MUFF = "**corset girly**" · dress-tech · says "**graphic**" · "here for work."
- SARAH = single mom, **barista** · Hawaii → PNW · ~3 yrs here.
- GARRISON = **Michigan**, near Detroit. DOM = **Kentucky / Columbia, TN**, divorced.
- JUSTIN LEE = line-dance instructor (self-ID, 03:49).

PRIORITY 1 — Changes the story (resolve first)

P1-A · 2f "emotional story" narrator — Savannah or Danielle?

Why it matters: decides who carries the **B-story**. Breakdown says *Savannah*; the dialogue fingerprints say *Danielle* (home-care, the ex, self-love, Canadian).

ASR label: S1 (entire monologue)

TC (in)	Line (excerpt)	Best guess	Competing	Confirmed =	Method
01:36:00	"this self-love journey we're on... it's going to heal us"	Danielle	Savannah	_____	_____
01:36:18	"I used to do home care for a couple of years..."	Danielle	Savannah	_____	_____
01:37:46	"people that let love get away... happy we're doing this together"	Danielle	Savannah	_____	_____

TC (in)	Line (excerpt)	Best guess	Competing	Confirmed =	Method
01:34:01 / 01:35:17	the bartender ex / "they kissed right in front of me"	Danielle	Savannah	_____	_____

P1-B · The unresolved "third voice" at the rooftop

Why it matters: a biographical fingerprint ("**three years / from California**") that matches **none** of the known women — so either Muff's origin is California, or a fourth person is present.

TC (in)	Line (excerpt)	Best guess	Competing	Confirmed =	Method
01:05:57	"I've lived here for three years... I used to live in California"	Muff (by elimination)	unknown 4th person	_____	_____
01:04:15	"you and Savannah are super super cool" (<i>speaker is NOT Savannah</i>)	Danielle	Muff	_____	_____

PRIORITY 2 — Bride vs. team in the fitting (Scene 4)

Why it matters: ASR flips **Sarah into S1** mid-scene, where S1 is otherwise Danielle. Need to split the bride's reactions from the team's so the **Sarah-priority interview/reaction beats** are correctly attributed.

TC (in)	Line (excerpt)	Best guess	Competing	Confirmed =	Method
01:50:47	"I kind of got a flat tire earlier..."	Sarah	Danielle	_____	_____
01:51:18	"By the way he looks at her, so in love" (<i>admiring the couple</i>)	Danielle (team)	Sarah	_____	_____
01:53:35	"I feel like a princess"	Sarah	—	_____	_____
01:55:02	"more like ball gown than I'd go for... not my dancing dress"	Sarah	Danielle	_____	_____
01:58:05	"I love the pattern... more of a glow in your face"	Sarah	Danielle	_____	_____
02:02:45	"You look incredible. I'm gonna cry right now" (<i>reaction stack</i>)	mixed	split needed	_____	_____
02:03:47	"I'm already tearing up over here"	Sarah	team	_____	_____
02:05:29	"you're making me cry... I've been trying not to cry"	Sarah	team	_____	_____
02:05:48	"Garrison... he's gonna bawl his eyes out"	Sarah	team	_____	_____

PRIORITY 3 — Party confessionals: separate Muff from Danielle (Scene 5d)

Why it matters: the line-dancing and "what I'm looking for" ITW bites are split across S1/S3/S6; clean attribution needed before you cut the B-story payoff.

TC (in)	Line (excerpt)	Best guess	Competing	Confirmed =	Method
04:39:21	"I can't say I'm a pro [at line dancing]... I love to swing dance"	Danielle	Muff	_____	_____
04:31:47	"favorite part was the line dancing... I'm a pro now"	Muff	Danielle	_____	_____
04:41:16	"one of six kids... parents 30 years... someone who sees me in the little moments"	Danielle	Savannah	_____	_____
02:35:20–02:39:00	party friendship monologue ("I'm here to help...")	Muff	Danielle/guest	_____	_____

PRIORITY 4 — Pickleball intro: which girl(s) on the group lines (Scene 1)

Why it matters: lower stakes (group reactions), but lock for consistency.

TC (in)	Line (excerpt)	Best guess	Competing	Confirmed =	Method
01:00:11	"I get a little pick from the girls... thank you, Dom"	Muff	Savannah	_____	_____
01:00:20	"Super excited. I cannot wait. She seems really nice."	any team	—	_____	_____
01:01:22	"Aww, you're so sweet. You're creepy."	any team	—	_____	_____

Bystanders / crew to confirm by name (not story-critical)

TC	ASR	Role guess	Name =
01:38:16	S22	guest arriving at apartment	_____
03:09:01	S29	party host welcoming couple	_____
02:10:40 / 04:14	S28	crew / Dom overlap	_____
01:09:30	S20/S25	rooftop model "Alex"	confirm = Alex
01:50:13	S13	dresser "Yousuf"	confirm = Yousuf

Summary count

- **Priority 1 (story-critical):** 6 lines / 2 questions
- **Priority 2 (bride vs. team):** 9 lines
- **Priority 3 (party ITWs):** 4 lines
- **Priority 4 (intro):** 3 lines

- **Bystanders:** 5 IDs

Minimum to confirm before story lock: P1-A and P1-B (they move the B-story and expose a possible unidentified person). Everything else can be batch-resolved in one ISO-audio pass.

When you have the export: send me **frame grabs at the P1 timecodes** (or a TC-burned screener + the sound report) and the **wardrobe key**, and I'll return a fully relabeled transcript.
